**December 11, 2024**

# 2024 CARE PARTNERSHIP RETREAT

## OUR MISSION

Advance cancer research and drug development and reduce cancer health disparities by:

- Focusing on cancers that disproportionately impact minority underserved populations
- Training a diverse force of cancer research scientists
- Enhancing cancer education for our communities
- Improving access for our communities

## LAND ACKNOWLEDGEMENT

We at UCR would like to respectfully acknowledge and recognize our responsibility to the original and current caretakers of this land, water, and air: the Cahuilla [ka-weeahh], Tongva [tong-va], Luiseño [loo-say-ngo], and Serrano [se-ran-oh] peoples and all of their ancestors and descendants, past, present, and future. Today this meeting place is home to many Indigenous peoples from all over the world, including UCR faculty, students, and staff, and we are grateful to have the opportunity to live and work on these homelands.
